Island 30
Shore Boat

Proven Design For Economical Operations

This is an ideal vessel for shore boat service from cruise ships and anchored yachts to land destinations, and for general water taxi use.

The design and the mechanical equipment have been well proven for years of reliable, continuous service.

These vessels are built to U.S. Coast Guard CFR Title 46, Sub-Chapter T regulations for passenger for hire.

For additional information and local in-use visits, contact Willard Marine, Inc.
