

ENFORCER

WILLARD 44' Open Ocean Fast Response Boat

WILLARD 44' Open Ocean Fast Response Boat

Willard Marine, a leading manufacturer of fiberglass and aluminum boats for the United States Navy and Coast Guard, has introduced the newest member of its ENFORCER series, the 44' Open Ocean Fast Response Boat.

This latest vessel, is a 44' Rigid Inflatable Boat (R.I.B.) designed and constructed by Willard Marine, is capable of open ocean emergency responses in all weather conditions, including search and rescue, air-sea disasters, and medical support and transportation.

In addition it can support dive operations, surface-to-air transfers and homeland security duties.

Special Capabilities

- Dive operations support for up to 15 divers
- Warm water wash down for divers
- Transport and deployment of SWAT team
- Overnight accommodations with 4 bunks, head and service galley
- Weapon mount for M60 machine gun
- Electronics suite with radar, GPS, VHF radio, crew intercom
- Pilot boat and other configurations available

- Fuel Capacity Min. 560 gal.
- Cruise Speed 34 knots
- Range 350 nm (At Cruise Speed)

The Anaheim, California, Willard Marine facilities, with their modern manufacturing and testing equipment for high-tech composite and aluminum boats, have a CAD engineering department where marine design and manufacturing projects are handled with expertise, ingenuity and enthusiasm. The company's technology and construction expertise continues to set industry standards. All boats are sea-trialed and tested in the water at company leased facilities in Long Beach Harbor, California before shipment to destination.

Configuration management is exercised on multiple boat contracts. All boats meet the American Boat and Yacht Counsel (ABYC) Standards and Recommended Practices.

Willard Marine, Inc. is classified as a "Small Business" by the U.S. Government and is an Equal Opportunity Employer with an Affirmative Action Program. All products are included in the company's GSA contract, GS - 07F - 0123H.
