

# Willard SCARIB® 54

## *Willard-SCARIB 54 Blue Water Tour Boat*

This boat is designed to be a revenue-producing BLUE-WATER TOUR BOAT for up to 60 passengers, and U.S. Coast Guard approved when required. These Rigid Inflatable Boats (R.I.B.'s) are fast, safe, stable and spacious with a very comfortable ride provided by their large inflatable sponsons.

This vessel is specifically designed for Ocean Rafting, Sightseeing, Whale/Dolphin Watching, Diving, Snorkeling, Exploring and Ecological Tours. Included are two enclosed restrooms under the control console. Power is provided by twin diesel Cummins-Mercruiser engines with water jet propulsion for reliability and safety. Optional Surface Drives or shafts and propellers are available.

These craft are built in the U.S.A. by Willard Marine with proven hull designs from the World Champion SCARIB Offshore Boats.

SCARIB 54

# Willard SCARIB® 54
