

SEA FORCE®

WILLARD 7m/24' Rigid Inflatable Boats

Government Series

WILLARD 7m Navy Standard R.I.B. with Force Protection Option

Willard Marine, Inc. SEA FORCE Rigid Inflatable Boats (R.I.B.s) are designed, tested and manufactured by Willard Marine in Anaheim California, U.S.A. Willard Marine has been in business for over 45 years, and is known for producing boats of the highest quality as demanded by its principally commercial and military customers.

The professional staff at Willard Marine is recognized in the fields of Marine Engineering and Naval Architecture, Quality Assurance, Testing, Program Contract Administration and Manufacturing Materials and Methods.

Willard Marine is a leading manufacturer of fiberglass and aluminum boats for the United States Navy and Coast Guard having delivered over 1,000 craft. In addition to

delivering over 400 R.I.B.s to the Navy, Willard supplies Personnel Boats, Utility Boats and Target Boats. For the U.S. Coast Guard, Willard Marine has produced Ports and Waterways Boats, Surf Rescue Boats and R.I.B.s.

Willard Marine, Inc. has the proven capability and experience to design and build R.I.B.s to meet stringent, specific and demanding requirements including high performance in conjunction with the lowest weights for shipboard use by military and commercial customers.

The Anaheim, California, Willard Marine facilities, with their modern manufacturing and testing equipment for high-tech composite and aluminum boats, have a CAD engineering department where marine design and manufacturing projects are handled with expertise, ingenuity and enthusiasm. The company's technology and construction expertise continues to set industry standards. All boats are sea-trialed and tested in the water at company leased facilities in Long Beach Harbor, California before shipment to destination.

Configuration management is exercised on all multiple boat contracts. All boats meet the American Boat and Yacht Counsel (ABYC) Standards and Recommended Practices.

Willard Marine, Inc. is classified as a "Small Business" by the U.S. Government and is an Equal Opportunity Employer with an Affirmative Action Program. All products are included in the company's GSA contract, GS - 07F - 0123H.
